

Here's what the facts say

- 42% of those 8th graders taking the High School Placement Test qualified for an academic, merit-based scholarship
- \$300,000 earned in high school scholarships
- Over 85% of our 8th graders go onto Catholic High Schools
- Over \$4,000 raised for Adopt- a- family
- Over 200 shoeboxes filled with everyday necessities sent to third world countries as part of Operation 'Christmas Child'
- Thousands of sandwiches made for Feed the Hungry
- Hundreds of people helped through 'Make a Difference Day'

Here's what some parents say

"Without a doubt, our children were more than prepared for high school. Even to this day we see the evidence of their elementary Catholic school days. We could not have asked for more." - parent of three former SASEAS students

"Our biggest regret is that we didn't start here when our kids were in kindergarten. It never ceases to amaze us just how wonderful these teachers and students are. The changes we've seen in our kids are unbelievable. Nowhere else could this have happened." - current SASEAS parent

"Christ is the primary reason we send our children to a Catholic school. Not only are the academics outstanding, but the faith based and moral foundation that our school instills in our students is what makes SASEAS School stand apart from others." - a SASEAS Parent

Here's what the pastor says

It can be trusted that parents want to provide for their children what is best for them. Parents know their children. Parents know the learning needs of their children. Parents know their own faith. Parents instinctively know how to best raise their children in the faith and how to hand on the faith to them. I am proud to help provide a Catholic elementary school education for parents who choose it as a part of their plan for their children, and I pledge that the cost of tuition will not prevent their child from being in our school, if parents want it for them. Together we will find a way. Just ask.
